

### Assisted Living

Assisted Living facilities are designed for elders who cannot live alone but do not need 24-hour skilled medical care. Residents generally have private apartments with full bathrooms and kitchenettes as well as access to a dining room that serves three meals a day. Residents receive housekeeping, laundry, and personal care services, as well as medication monitoring and 24-hour staffing. Average monthly costs start at \$4000. Some facilities offer financial subsidies to elders who qualify.
